SUMMARY

Motivated Full-Stack Web Developer with hands-on experience building projects using JavaScript, React, Next.js, Node.js, and PostgreSQL. Transitioning from 10+ years in hospitality management into tech, bringing strong problem-solving skills, attention to detail, and a customer-focused mindset. Eager to contribute to dynamic teams and grow as a developer.

PROJECT EXPERIENCE

Event Management Platform (Capstone Project)

Project Link: hiburan-app-web.vercel.app

- Built a full-stack web app for event discovery, ticketing and referral system.
- Implemented role-based access for customers and organizers with JWT authentication.
- Integrated transaction flow with payment proof upload and automatic status changes.
- Tech stack: **Next.js, Node.js, Express, PostgreSQL, Prisma, Tailwind, Vercel**.

Online Grocery Web App (Capstone Project)

Project Link: freshnear.store

- Built a full-stack web app for online grocery shopping and management systems.
- Developed an admin dashboard that manages users, products, inventory and discounts.
- Designed database schema and visualized with dbdiagram.
- Tech stack: **Next.js, Node.js, Express, PosrgreSQL, Prisma, Tailwind, Vercel**.
